Linux Professional Institute

Training Partner Programs

Effective January | 2022

Contents

1. Purpose of the Training Partner Programs

Become a part of the community that supports open source by supporting the people who work in it.

Linux Professional Institute (LPI) is more than just the world's most-trusted open source certification body. We are actively working to support personal development, professional ethics, and community growth.

LPI's first achievement in pursuit of its mission has been a high-quality, independent, career-focused multi-tier skills certification program that has become the world's most-popular, trusted in more than 180 countries. We are committed to high-quality programs that are neutral regarding versions of Linux or methods of preparation. A growing community of partners and volunteers helps us advance open source professionals at both the global and local levels.

Be a part of this, join the community of LPI partners.

Benefits for Linux Professional Institute Training Partners

• Use of the LPI logo, LPI certification and other program brands
• Discount on direct exam sales (retail price)
• Access to a joint marketing fund
• Opportunity for cooperative promotions at LPI events

2. Training and Academic Partner Programs

TRAINING PARTNER

For training companies, willing to be able to add value to their training and teaching material, enabling their students to take the Linux Professional Institute certification exam at the end of the course.

ACADEMIC PARTNER

For Information Technology related schools, colleges and universities, willing to add value to their undergraduate candidates, so they can start a career in the IT market with a Linux / Open Source professional certification.

# 3. Partner Program Elements

Benefits

- No annual fee

- Minimal commitment to certifying students*

- Discount on exams

- Use of LPI's Approved Partner logos**

- Website listing**

- Partner plaque/welcome kit**

- Complimentary professional development exam vouchers**
