Recruiting top talent: Ask us how we can help

The Linux Professional Institute (LPI) is the global certification standard and career support organization for open source professionals. With more than 175,000 certification holders and over 220,000 certifications awarded, it's the world's first and largest vendor-neutral Linux and open source certification body.

LPI has certified professionals in over 180 countries, delivers exams in multiple languages, and has hundreds of training partners.
