Mission Supporter

Contents

1. Purpose of LPI Mission Supportership

Become a part of the community that promotes open source by supporting the people who work in it.

Linux Professional Institute (LPI) is more than just the world's most-trusted open source certification body.

We are actively working to support personal development, professional ethics, and community growth. To achieve these goals, we have launched a number of new initiatives:

- Individual membership in LPI, which will provide benefits targeted at professional improvement and ongoing learning, as well as a say in our governance

- New certification programs that reach beyond conventional fields of system administration to support managers and others interested in open source

- Various partner and community programs to strengthen the interplay in favor of open source

- The Learning Portal with free learning materials for LPI certifications

Mention the extending of Essential and more outreach to younger learners?

Be a part of this, join the community of LPI supporters.

Benefits for Linux Professional Institute Mission Supporters

- Grant the supporter indirect access to and visibility from inside LPI's customer base (500,000+ IT pros, 200,000+ LPI certification holders)

About LPI

LPI is a non-profit organisation with a mission to enable economic and creative opportunities for everybody by making open source knowledge and skills certification universally accessible. We are the global certification standard for Linux and a career support organisation for open source professionals all over the world.

With more than 200,000 certifications awarded LPI is the world's first and largest vendor-neutral Linux and open source skills certification body. We have certified IT professionals in over 180 countries, deliver exams in multiple languages, and have hundreds of training partners.
